Christian Luperon

Full Stack Developer

📍 Florida, United States ✉ luperon.christian22@gmail.com 📞 (682)446-4107 in LinkedIn ⬡ Github

Profile

Motivated and enthusiastic software developer, recently graduated from a rigorous 4Geeks coding program. Eager to launch a dynamic career in the software development field and apply the practical skills and knowledge gained during intensive training.

With a strong foundation in JavaScript, React, Bootstrap, MySQL, Python, I have honed my ability to rapidly learn and adapt to new technologies and coding practices. During my bootcamp experience, I excelled in my final project, Plan and Go, where I used Firebase, which was not taught, demonstrating a passion for problem-solving and a commitment to writing clean, efficient, and maintainable code.

Education
